GLOBUS IN EUROPE

ADOPTION IN THE OVERSEAS DCIs

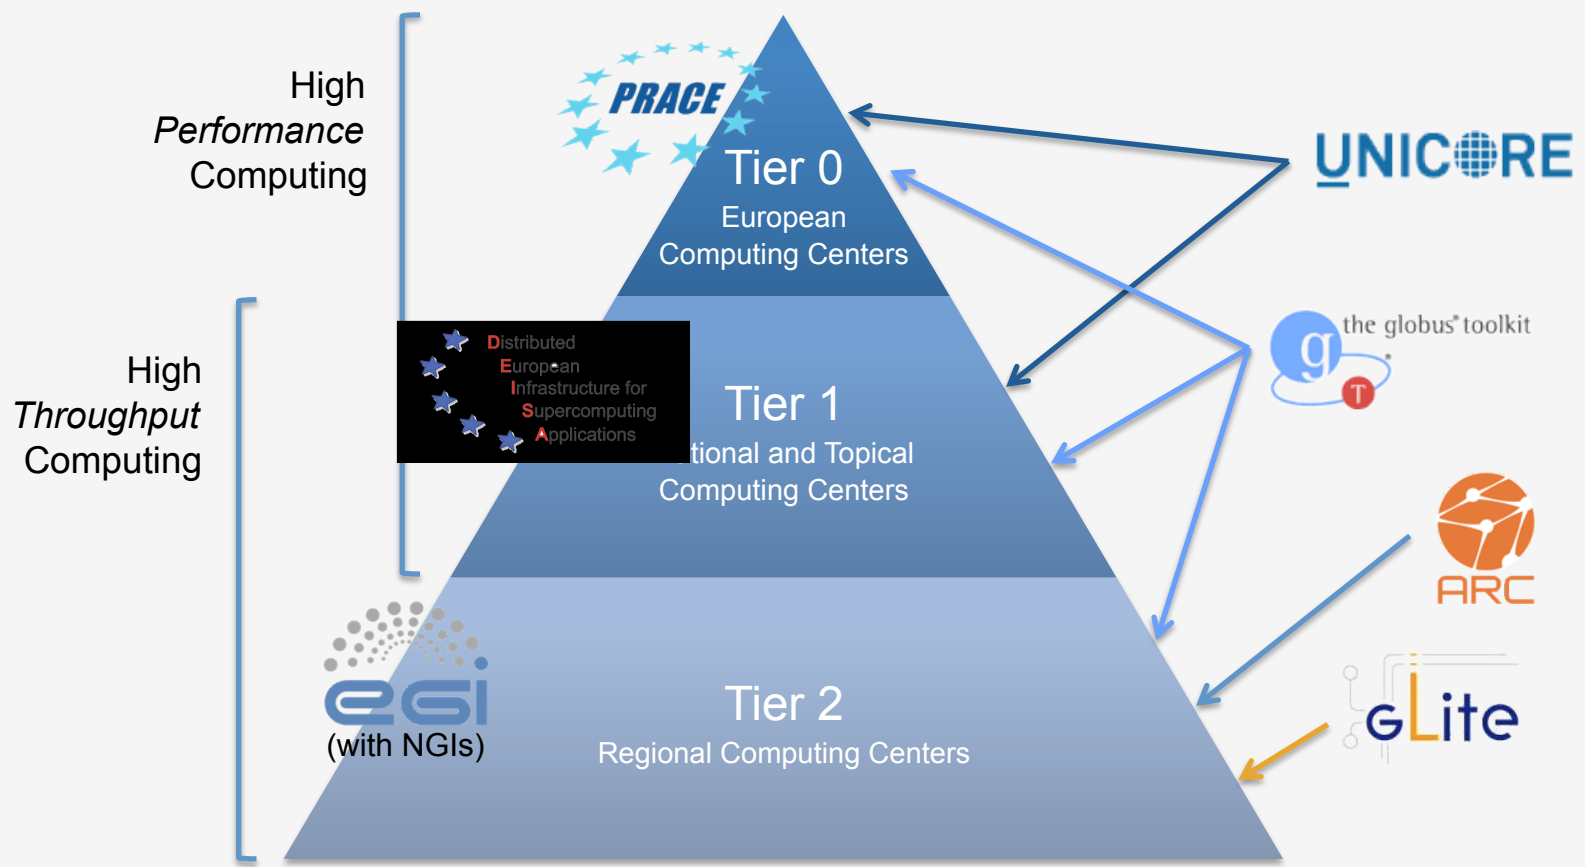

Why Globus in Europe?

A Brief Introduction to the European DCI Ecosystem...

So, what is the role of IGE in here?

Help the scientists in the European Research Area!

- European counterparts of Globus resources
 - Running a mirror of globus.org
 - Providing package repositories and integration testbed
 - Exposing a European metrics collector (privacy!)
- Service Provider for the European e-Infrastructures
 - Doing native packaging (even for exotic systems)
 - Conducting Third-Level Support for the operators in Europe
 - Ensuring Quality of Service towards the NGIs
- Development on Globus for European requirements
 - Patches for LRM systems (IBM LoadLeveler, NQS2)
 - Support for additional interfaces (OGSA-BES/DAI, JSDL)
 - Integration of requested security technologies (SAML, LCAS)

- The GridKa Summer School 2010 problem
